

Student Financial Support Policy & Guidelines 2018-19

Background

For 2018-19, Bolton College has received the following allocation of funds from the Education and Skills Funding Agency (ESFA).

- Further Education Free Meals Fund
- 16-18 Bursary Fund
- 19+ Hardship Fund
- 20+ Childcare Support Fund
- Advanced Learning Loans Bursary Fund

- The College also processes applications from students who are applying for Care 2 Learn.

This funding is to support eligible students studying further education courses funded by the ESFA and to help students meet the costs of participating in post 16 education. The ESFA Guidance related to these funding streams states how the funds should be allocated and prioritised.

In addition, students aged 19+ and studying on Level 3 and above ESFA funded courses who do not qualify for a waiver under First Full Level 3 rules may apply for an Advanced Learning Loan to help cover the cost of their fees.

Some of the main tenets of the guidance for funds issued directly by the College are as follows:

- There can be no virement between 16-18 funding streams and 19+ funding streams
- Funds must be directly linked to the individual needs of students
- The College can use up to 5% of the total allocations to meet the costs of administering the funds.

Enrolling on a learning programme or course can be expensive for some students with low incomes. Therefore before a student starts a course consideration should be given to costs such as:

Tuition Fees
Examination / Registration Fees
Equipment and Materials
Uniform and Kit
Travel Costs
Childcare
Food

To ensure finance is not a barrier to accessing courses and retention and achievement, the College will promote these funds and other sources of financial assistance to help students who are in hardship. However, students should note that these funds are limited, and awards from these funds will only be made where sufficient funds are available to do so. The College may refuse applications once a fund is exhausted.

Main Policy Changes for 2018-19

Discretionary Bursary Students (16-18's and 19+ on EHCP's)

For 2018-19, the College has been allocated approximately £80,000 less than in 2017-18, meaning that the following changes will need to be made to our offer from 2017-18.

- We maintain the income threshold for qualifying students' families at £20,000 (Remains the same as 2017-18).
- Discretionary Bursary Students will no longer qualify for Free College Meals (FCM) unless they meet the specific government criteria (parents are unemployed). This is a change from 2017-18 when all discretionary bursary students received a meal at £2.41 for each day in College.
- The qualification distance for assistance with travel to increase to 2.5km. This is a change from 2017-18 when the distance was 2km.
- We move from System One Travel Passes to "Get Me There Cards" for each student. This is a major change from 2017-18 – System One Travel Pass covers all bus travel in GM area free 7 days per week. The Get Me There Cards are £10 each and cover a two year period (16-18). Discretionary Bursary students' families to purchase a Get Me There Card for their child and then College will pay in arrears into parents/students' bank account for the number of days travel the young person needs for their Study Programme.
- Out of borough students will receive "Cash for Travel" as there is no cross boundary pass to cover their travel expenses. (Remains the same as 2017-18)

Adult Learners

Discretionary Support Funds (DSF) or Loans Bursary Funds (LBF)

The College has been allocated an additional £50K for DSF for 2018-19, so the following changes are proposed:

- Childcare Funds – students who qualify to pay 20% of the costs of the childcare they need to attend College, with the College to pay 80%). This is a change from 2017-18 when students were initially awarded 75% of childcare costs.
- There will be a limit on the **daily** value of assistance provided by the College of £40. There has previously not been a limit, however this has become necessary to ensure sufficient funds are available throughout the academic year.
- DSF to help meet the cost of tuition fees for Asylum Seekers, to compensate for the removal of NASS from the qualifying benefits for fee waivers.

Priority Group 2 – Those young people who qualify for Discretionary Bursaries

Discretionary Bursaries are available to:

- young people who are aged at least 16 years but under 19 on the 31st August 2018 (aged 16-18), who meet ESFA eligibility to study post-16 further education college courses;
- young people who are aged 19 on the 31st August 2018 who meet ESFA eligibility to study post-16 further education college courses and are entering the second year of a two year programme of study in 2018-19;
- young people who are aged 19 to 24 on 31st August 2018 who are subject to an Education Health and Care Plan (EHC Plan)

and who meet the criteria set out below:

- **Those young people who are struggling to meet the costs of attending college and who come from a home which has a combined annual gross income of under £20,000**

Types of Support

16-18 Bursary Fund support provided through Bolton College will take the form of provision of services or equipment supporting the beneficiary to engage in learning or training. It is recommended that expenditure is itself prioritised in the following way:

Support Priority 1 – Guaranteed Bursary: £1,200 per 36 week course (or pro rata for shorter courses / late starters) to all students who meet Priority group 1 criteria (as above). Payments will be made weekly in arrears direct to the student by BACS Credit payment. Cash payments can be made where a student is unable to obtain banking facilities.

This fund is not limited, as the College draws funding from the ESFA as each eligible student is identified.

Support Priority 2 – Essential Equipment Bursary: For students who meet Priority Group 1 and 2 criteria. This is allocated for equipment which tutors deem essential for completion of the course. College can purchase the essential equipment on behalf of the student. Alternatively, if the student buys this essential equipment, and keeps the receipt, then the College will offer an appropriate refund for the costs. College only pays for essential equipment where the cost is greater than £20, and does not pay for stationery. Any essential equipment paid for by the College through the Bursary Funds becomes and remains the property of the College and may be recalled by the College should the student leave the course early, or at the end of the course. This level of support is integral to supporting student achievement.

Support Priority 3 – Travel Bursary: For students who meet Priority Group 2 criteria, and whose journey from home to their College Campus is more than 2.5 kilometres (Google Maps and AA Route Planner used as the tools to assess distance). This is to support journeys to and from college. In most cases the College provides a student with cash payments into their bank account to refund their travel costs. This level of support is integral to removing barriers to attendance and retention.

Support Priority 4 – Where a student is suffering from severe financial hardship due to domestic emergency, financial assistance may be agreed on an exceptional basis by the College's Awards Committee. These awards will be made on a case by case basis, and do not set a precedent for other awards.

The allocation of Discretionary Bursaries to students will be dependent on beneficiaries meeting the College's attendance requirements of 90% over the College year. Students should also note that this fund is limited, and awards from the fund will only be made where sufficient funds are available to do so. The College may refuse applications once the fund is exhausted.

Eligibility for support from the 16-18 Bursary Fund

To be eligible for help from the 16-18 Bursary students must be from Priority Group 1 or 2 and meet the age eligibility criteria stated above. Students must also satisfy residency criteria and be enrolled on an appropriate course of study. More details regarding eligibility can be found at

<https://www.gov.uk/guidance/16-to-19-bursary-fund-guide-2018-to-2019-academic-year> and <https://www.gov.uk/guidance/16-to-19-funding-free-meals-in-further-education-funded-institutions>

Bursaries cannot be paid to students on Higher Education (HE) courses, waged Apprentices, or young people in prison or released on temporary licence from custody. Any students who are unsure of their eligibility for support should contact Student Services.

Adult Financial Support Fund Policy

For 2018-19, the College has been allocated monies from the ESFA to support adults with the costs of studying at College. These are

- Discretionary Learner Support Funds (DSF) – this includes 19+ Hardship funds for travel costs and exceptional awards for Emergency Funds and 20+ Childcare Support funds
- Advanced Learning Loans Bursary Fund (LBF) – this includes support for students with Additional Learning Needs, Childcare support, and Travel, and also to approve exceptional awards for Emergency funds.

19+ Hardship Funds

The ESFA provides College with the 19+ Hardship Funds to provide financial help to eligible students aged 19+. The 19+ Hardship Fund can help meet costs such as travel, essential equipment (specific conditions apply) and emergency assistance (but only in exceptional cases). It is a means tested fund and the amount a student may receive depends on their family gross household income. The fund provides support to students who are experiencing financial hardship. Awards from the fund are made to individual students on a discretionary basis. Any award is made subject to satisfactory attendance at college. Students should also note that these funds are limited, and awards from the fund will only be made where sufficient funds are available to do so. The College may refuse applications once the fund is exhausted.

Where a student is eligible for an Advanced Learning Loan, they are not eligible for assistance from 19+ Hardship Funds, but may be eligible for help from the Loans Bursary Fund (see below).

Priorities

The income threshold for qualification for 19+ Hardship Funds has been set for 2018-19 at the following levels:

- Student (Single) - annual income less than or equal to £21,000
- Student (Living with Partner) – family income less than or equal to £25,000

Other priority groups include:

- Students with learning difficulties and/or disabilities
- Those in care or recently left care
- Those acting as carers for a family member or friend
- Those on probation
- Those eligible for fee remission
- Those in receipt of means tested benefits i.e. Income Support
- Students taking a Skills for Independent Living or Sensory programme

Types of Support

Support Priority 1 – Travel Costs. This is to support students who meet the financial criteria, and whose journey from home to their College Campus is more than two kilometres (Google Maps is used as the tool to assess distance). The College will be paying travel costs at a standard rate of £6.00 per day for students who travel solely within the Greater Manchester area. Students who travel from outside Greater Manchester or who are disabled and cannot use public transport may be eligible for a higher rate of assistance. Payments will be made to students in six instalments, the first as soon as possible after the application is approved and each subsequent payment will be made at

the start of each half term. This level of support is integral to removing barriers to attendance and retention.

The continued payments of Travel Costs to students will be dependent on beneficiaries meeting the College's attendance requirements of 90% over the College year. The College reserves the right to review a student's entitlement where attendance drops below this figure.

Support Priority 2 – Essential Equipment. This is open to Co-Funded students only, as Fully Funded students must be supplied by the College with the equipment they require to successfully complete their course (ESFA Funding Guidance 2018-19). Students aged 19+ taking a Level 3 or higher qualification (but not HE) cannot apply for equipment costs through the LBF, as Loan Funded students must be supplied by the College with the equipment they require to successfully complete their course (ESFA Funding Guidance 2018-19).

This priority is allocated for equipment which tutors deem essential for completion of the course. College can purchase the essential equipment on behalf of the student. Alternatively, if the student buys this essential equipment, and keeps the receipt, then College will offer an appropriate refund of the costs. College only pays for essential equipment where the cost is greater than £20, and does not pay for stationery. Any essential equipment paid for by the College through the 19+ Hardship Fund becomes and remains the property of the College and may be recalled by the College should the student leave the course early, or at the end of the course. This level of support is integral to supporting student achievement.

Support Priority 3 – Emergency Assistance. Where a student is suffering from severe financial hardship due to domestic emergency, financial assistance may be agreed on an exceptional basis by the College's Awards Committee (see page 15). These awards will be made on a case by case basis, and do not set a precedent for other awards.

20+ Childcare Support Funds

- Students who need financial help with childcare costs and are aged under 20 at the start of their course should check whether they are eligible for help from the Care to Learn scheme.
- Students who need financial help with childcare costs and are eligible for the Advanced Learning Loan should check whether they are eligible for help from the Advanced Learning Loans Bursary Fund (LBF).
- Other adult students aged 20+ who need financial help with childcare costs may apply for 20+ Childcare Support Funds.

The ESFA provides College with the 20+ Childcare Support Funds to provide financial help to eligible students aged 20+. The Fund can help meet costs for Ofsted registered childcare for the children of students whilst they are studying. It is a means tested fund and the amount a student may receive depends on their family gross household income and the number of children requiring childcare. The fund provides support to students who are experiencing financial hardship. Awards from the fund are made to individual students on a discretionary basis but paid directly to childcare providers by the College.

The allocation of 20+ Childcare Support Funds to students will be dependent on beneficiaries meeting the College's attendance requirements of 90% over the College year. Students should note that these funds are limited, and awards from the fund will only be made where sufficient funds are available to do so. The College may refuse applications once the fund is exhausted.

Should a student cease to attend or is withdrawn from Bolton College at any point during the academic year, financial support for childcare will finish on the last date of recorded attendance. The responsibility for childcare costs reverts to the student from that date.

The College will not fund childcare costs during College holidays. College will pay its contribution of childcare costs directly to the childcare provider rather than the student. The LBF can help meet costs such as Additional Learning Support Needs, Childcare, and Travel, and exceptionally Emergency Funds. It is a means tested fund and the amount a student may receive depends on their family gross household income. The fund provides support to students who are experiencing financial hardship. Awards from the fund are made to individual students on a discretionary basis. Any award is made subject to satisfactory attendance at college.

The College reserves the right to vary the percentage value of the contribution it makes, depending on the availability of funds.
