

Recruit an Apprentice

and receive up to £3000

If you recruit an apprentice between 1st August 2020 and 31st January 2021, your business will receive between £1,500 and £3,000, depending on the apprentice's age.

Apprentices are more than just a cost-effective addition to your business – they will re-energise your workforce whilst bringing a multitude of other benefits:

- **Apprentices tailored to your business**

Our Apprenticeships will meet the needs of your business; training's tailored to the requirements of YOUR sector, by a team who understands what you do.

- **Increased productivity**

80% of businesses that employ apprentices found that their productivity increased as a result.

- **Tackle a skills shortage**

The specialist training that apprentices receive will bring new and relevant skills into your business, helping you to grow and invest in the future.

- **Motivated workforce**

Apprenticeships offer new talent, bringing in a fresh perspective and new ideas.
