T Level Programme Overview

Accountancy is a growth area for future employment and is an essential function to the successful running of any business. If you like working with numbers then a T Level in Accounting could be for you.

The broad nature of this T Level will ensure that you gain a broad understanding of the accounting industry and will equip you with the skills, knowledge, behaviours and experience to be successful in your future career! Whether you want to be a chartered accountant, economist, financial project manager or a finance director studying this T Level is the first step.

To enable you to develop your holistic knowledge, skills and abilities in accountancy you will cover a variety of topics including the business environment, fundamentals of financial accounting, project and change management and industry regulations. This means that when it comes to employment you will have the knowledge and the skills to go wherever your ambitions take you, working in a sector that excites you in a job role you can excel in.

Equivalent to three A Levels, this two-year programme has also been developed in collaboration with employers and businesses, so you can be rest assured that the content is relevant, up to date and in demand with future employers.

You'll spend 20% of your time on an industry placement, giving you vital experience in the world of work and a CV to wow future employers. Your employer may also provide you with that invaluable first reference, whilst several our students have already been offered full time contracts following a successful Industry Placement!

What You'll Learn
